- En videreføring av Porsgrund's dusjvegger. Den nye Showerama dusjvegg 7-3 er meget lettmonterbar, og tar i tillegg hensyn til nordisk standard for våtrom. Med tetningslist og justering av hellende badegulv vil vannsøl utenfor dusjen være begrenset til et minimum. Leveres i sølvanodisert eller hvitlakkert aluprofil, herdet 6 mm sikkerhetsglass i klart, struktur eller røkfarget utførelse.

Symmetrisk dusjhjørne i størrelsene:

700 x 900

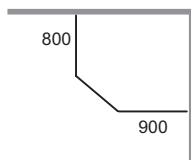

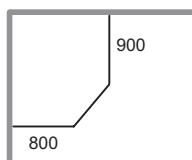

900 x 700

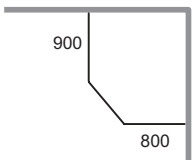

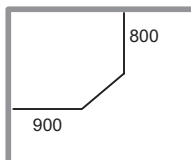

- Inngangsåpning: 470 mm
